My Favorite Retreat

Cover Painting  
by Kristin Gustafson

This month Venice Gulf Coast Living is proud to have one of Kristin Gustafson's paintings appear on the cover. Kristin, a local artist, has graced our cover in earlier issues and we warmly welcome another fine piece of her art.

"As an artist, Adirondack chairs are a favorite theme for my paintings for two reasons. First, I am challenged to paint each one uniquely and second, people love to decorate their homes with them. This acrylic painting, 'My Favorite Retreat,' represents a fantasy cottage that I envision to be somewhere along our lovely Southwest beaches. I like to think that the chair is the perfect place to find inspiration for my next series of paintings." ★
